

FRONT END – PART 1

INTRO TO CSS

Five Tips Blog

Let's make some changes inside the header of the blog. You can see the 'blog.codingninjas.in' anchor link in the header.

Below are some of the properties you need to add -

1. Size of the text is 28 pixels.
2. The color of the text is black.
3. On hover, change color to orange.

There are two other properties you need to add.
