

## **FRONT END – PART 1**

### **COMPLETING RESUME**

#### **Create Contact Section**

Now that you know how you can add a gradient, let's complete the contact section of the resume.

This time you are not provided with any base code. You need to use your old resume code and work on it.

For the gradient, the leftmost color is '#2857a4' and rightmost color is '#403066'.
