

FRONT END – PART 1

INTRO TO HTML

Add Links to Blog

We now know how to jump from one page to another.

Isn't this interesting! And remember, links can be used together with a lot of other tags.

So, let's add some links to your blog page. The element with the links to are provided below -

1. ELEMENT - ``
LINK TO ADD - <http://blog.codingninjas.in/>
2. ELEMENT - ``
LINK TO ADD - <http://blog.codingninjas.in/>
3. ELEMENT - `<p>blog.codingninjas.in</p>`
LINK TO ADD - <http://blog.codingninjas.in/>
