FRONT END - PART 1
STARTING WITH RESUME PROJECT

Add Social Icons: Complete Resume Header

You now know about fontawesome, where you can pick icons instead of images, since they load fast and take less space than images.
So, it's not a good idea to use images everytime, therefore, change those images to icons.

Start by adding the below link to your head section within script tag -

    src="https://kit.fontawesome.com/b3348ae33f.js" crossorigin="anonymous

Note: The link mentioned above may vary according to the version update.

Now, go to this link - https://fontawesome.com/icons?d=gallery and search for the icons over there and add them to your resume, like below -
<i class="fa-brands fa-linkedin"></i>

The shadow used on the social icons is of the color – 'rgba(230,196,196,0.3)'.
